Issued—Over 500 Policies first half-year.
This Association issues all the most approved forms of Policies—all non-forfeiting by charter. Its principle of non-forfeiture more favorable to assured than that of any other company.
A strong company which combines strength of capital, character and local influence and provides life insurance at the lowest safe rates without delusive promises of dividends, making a good dividend CERTAIN by decreasing the premium.
By its organization it enables each policyholder to deal with his own neighbors, stockholders in the company—men whom he knows will do justice to his family after he is dead, and also provides that its funds will be invested to develop the resources of his own country and locality.
A company with capital and breadth enough to be safe beyond question, with national extent and prestige, and yet a HOME company throughout the Dominion.

Testimonials.
We, the undersigned Physicians, practising in the city of San Francisco, have examined the result of the analysis made by Dr L. Langweert, Practical Chemist, of the Napa Soda Springs of Napa. The water, according to this examination, posseses aperient antacid and fine properties, which cannot fail to be very beneficial in the treatment of chronic diseases, and affording a pleasant, healthful and invigorating beverage.

THURSDAY MORNING, SEPT. 11TH, 1873.

Eauopean Mail Summary.

In the House of Lords the Duke of Edinburgh's Annuity Bill was passed through all its stages without discussion. Lord Redesdale availed himself of the second reading of the Appropriation Bill to renew his objection to the Alabama Award, that the reunited States could not be entitled to damages for acts committed by a section of those States, but the Lord Chancellor said the point was settled by the consent to the Geneva Arbitration.

The Bishop of London has replied to a memorial from a parish in his diocese that he disapproves auricular confession, and urges clergy and laity alike to oppose the introduction of such a practice into the Church of England.

A new Turkish loan of thirty millions sterling has been arranged at Constantinople.

The London Postoffice employees, to the number of 2,000, walked in procession through the principal street of West End, headed by two brass bands, and afterwards met in the great hall of Cannon street Hotel, Sir John Bennett in the chair. The movement was for increased pay and the abolition of Sunday duty.

Dr. Harald Browne, Bishop of Ely, is to be translated to the See of Winchester, vacated by the death of the lamented Bishop Wilberforce.

The Indian Government proposes to employ the Hooghly endowment for the establishment of Mahomedan Colleges.

The *Times* of the 1st Aug. says: Up to the present time the number of public Acts passed this session is 57 and 209 local statutes. Last year there were in the session 98 public and 200 local Acts.

The *Spectator* of 2d ult. says: "At home the interest of the week has mainly centred on Mr. Lowe, just now the *enfant terrible* of the Cabinet. The Committee on the Zanzibar mail contract has disallowed the contract approved by the Exchequer; there has been a fierce debate on the Postoffice scandal, in which the Treasury escaped a formal censure by a vote of 161 to 111, mainly because, as Mr. Bernal Osborne roundly said, "the Government was decaying and the Opposition worn out;" and there has been a debate on an Embankment Bill, in which it has been shown that the Treasury and the Department of Public Works are so bitterly hostile to each other, that Mr. Lowe devises and states in Parliament plans of his own for large buildings without consulting Mr. Ayrton, while Mr. Ayrton bluntly refuses to be responsible for the votes of his department. On Wednesday the quarrel ended in a regular scene, which made all sincere well-wishers of Parliamentary Government wish heartily that both officials could be comfortably relegated to private life.—Mr. Lowe for his spirit of despotism and Mr. Ayrton for his contempt of necessary discipline."

The Shah of Persia has communicated, through his Grand Vizier, to the Lord Mayor of London his thanks for the entertainment given in his honor at the Guildhall, and has intimated his intention of conferring the Order of the Lion and Sun upon Sir S. Waterlow, the Lord Mayor.

On the night after the Ashantees were repulsed at Elmina they killed 38 women and 46 slaves, who were all sacrificed in pursuance of their superstition that their dead General, the nephew of their King, who fell at Elmina, might have women and slaves to wait on him in the land of spirits.

South America.

PERU.

The *Star and Herald's* correspondent in Lima writes:

At present writing the inhabitants of Lima are in danger of a serious inundation. A few days since at a town called Matucama, 72 miles away on the Oroya railway, a terrible land slide took place, an immense mountain leaving its base with a fearful noise, passing across the narrow valley and crashing up against the opposite side, forming a wall of earth, rocks and debris in the bed of the river 180 feet high. This obstruction is being gradually undermined by the accumulating waters, and it is thought by the engineers in charge of that section of the works of the railway that on Thursday, 7th inst, the torrent will have reached a greater height than the improvised barrier, and will break through, carrying all before it, and rushing down the fall of a mile and a half to Lima, will completely cover the lower portion of the city, after having inflicted incalculable damage on the estates bordering the course of the river. Active steps are being taken by the authorities of the city to protect the threatened district; the walls are being strengthened, and people, fully aware of the peril, are busily engaged in moving their valuables to the upper stories of their dwellings. It is calculated that ten million cubic yards of earth were displaced by the slide, and the cause is attributed to the gradual loosening of the foundation of the hill by the filtration of the mountain streams coursing down its sides. Three lives were lost during the movement. The watchman of the railway died at his post, and two unknown persons who were passing at the time, were buried beneath the enormous mass. The embankment of the road is covered to a depth of one hundred feet. The landslide reached a height of three hundred feet on the opposite side of the valley.

A decree has been published ordering that under the penalty of a severe fine, parents should send their children to the public schools now established throughout the Republic, and whose cost is defrayed by the State.

CHILE.

The West Coast *Mail* of Valparaiso, of the 19th of July, gives more details about the earthquake of the 7th, which was felt all along the south coast of Peru. The Governor of Petorca, writing to the Minister of the Interior, says great damage has been done to the town. The walls of the Parish Church, the goal, the barracks, the market and principal school for boys, all had their walls rent and otherwise damaged, leaving them in a ruinous state. No lives were lost, though many had arms and legs fractured. Shocks were felt at Illapel, and subterranean noises heard daily.

At Serena the severity of the shocks caused great alarm, there being also subterranean noises. In Quillota many buildings are ruined. At Ligna the damage is estimated at about $50,000, and that at Lirnache at $137,000.

Old, Miss Jungerman, Annie Old, E.P. Jeffries, Geo. Troon, Joe Lancaster, Gustave Bremer, O. A. Patch, Wells Fargo's Messenger, and 45 in the Steerage.

City Council.

WEDNESDAY, Sept. 10.

Council met at 7.40 o'clock, His Worship the Mayor in the Chair.

FINANCIAL.

Bills for street work amounting to $98; D. Lenevue, $5 29; L. Frazer, copying in the case of Dwyer murder, $17 50, were referred to the Finance Committee.

Bill of A. Beswick, Street Contractor, $239, was laid over.

COMMUNICATIONS

From Lundblad & Smith, complaining of excessive Federal taxation and petitioning for relief from Municipal Tax.

Coun. Hayward said the Inland Revenue bore heavily on the people here. The officers even compelled the brewers and distillers to make cylindrical vats. He thought the Dominion Government should bear lightly on the people of British Columbia at present. (Hear.)

On motion of Coun. Taylor the communication was laid on table.

KANE AND QUADRA STREETS.

The tenders for grading and gravelling these streets were taken up.

Coun. Drummond, seconded by Coun. Gowen, moved that the contract be awarded to the lowest bidder for the whole work.

A lengthy discussion arose as to the propriety of this arrangement.

Coun. Hayward, seconded by Coun. Taylor, moved the contracts be awarded the lowest tenderers separately.

The amendment was lost—4 to 2. The original motion was carried by the same vote.

DANGEROUS.

Coun. Gowen drew attention to the dangerous state of the well dug by Simms & Kelly at Beacon Hill.

Referred to Street Committee.

PRISON EXPENSES.

The bill of the Provincial Government for the keep of the San Juan murderers was taken up.

Coun. Drummond strongly opposed the payment of the account.

Coun. Hayward advised the Council to put C.O.D. on the backs of the prisoners and not deliver them to the American authorities until the amount due had been paid.

The bills were referred back to be separated.

VEHICLE BY-LAW.

The Committee reported as follows in reference to the hack and express stands: That the middle of Yates street from Government street westward; the west side of Broad street from Yates, and Bastion Square be the places for hacks; the middle of Government street from Yates street northward, and the south side of Fort street from Government street westward, be the stand for express wagons.

Coun. Morton, seconded by Coun. Taylor, moved that the report be accepted and the recommendation embodied in the by-law.

The remainder of the by-law provides for the good conduct of the drivers and the humane treatment of horses.

The penal clause fixes the fine at not more than $25 nor less than $5, or imprisonment not exceeding one month.

The By-law was finally passed.

WARDS.

The Committee recommended that the wards remain as now, and that Yates street ward have 3 Councillors, and James Bay and Johnson street wards have two Councillors each.

NAMES OF STREETS.

Eli Harrison tendered to supply the signs at 40 cents each. John Crowther, ditto, at 50 cents each. The contract was awarded to the former.

A PERILOUS PASSAGE.—The unusually long passage of the Prince Alfred was caused by the prevalence of a thick fog, which hung around the vessel from the time she left San Francisco until after entering the Straits. An observation was not obtained during the entire passage, and Capt. Sholl kept the ship under slow-steam and stopped frequently to take soundings. When the vessel arrived off what was supposed to be the locality of Race Rocks, she was stopped and the whistle was blown for some minutes, when the fogbell and whistle at Cape Flattery were heard in the distance and the ship boldly entered the straits and steamed towards Esquimalt.

THE CROPS.—The rains which fell the week before last, and which would seem to have been more copious in the rural districts than here, did considerable injury to grain crops in Saanich and somewhat impeded harvesting operations. Nevertheless the crops will be larger and of a better quality than common. At Metchosen, we hear the rains did great damage to the grain.

IT is said that the experiment of sending California grapes and other fruits to the East for sale has resulted unprofitably and will not be continued. One lot of grapes, on which the freight was $70, was sold for $15.

The "Graphic" Balloon Excursion to Europe — The Start to be made about September 10th — Dimensions of the Machine.

NEW YORK, Aug. 30th.—The *Daily Graphic*, this afternoon, published the following facts regarding the coming aerial tour to Europe:

"In all human probability the *Daily Graphic's* transatlantic balloon expedition will set sail from the Capitol grounds, Brooklyn, on Wednesday, September the 10th. There is some uncertainty regarding the precise time, as the weather may not be favorable, and the gas company may not be able to spare the 400,000 cubic feet of gas required; but it is hoped the ascension will not be later than the 10th.

The great air-ship is now well advanced toward completion, and a large force of men are engaged in finishing the various apparatus. All the parts will be completed and got together in a few days, when the balloon will be publicly exhibited on the Capitol grounds, commencing next Saturday, and continuing day and evening, until the ascension. It was at first intended that it should start without any preliminary public exhibition, but in consequence of the earnest desire manifested by the public press, the *Graphic* Company have decided to make the exhibition public. All connected with the expedition will be on exhibition, including the carrier pigeons to be used."

The following is a description of the balloon:

The length of the nine great sections are each 176 feet wide and 36 feet high. When inflated it will be 116 feet in diameter. Extreme length from crown of balloon to keel of boat, 160 feet; height of car, 15 feet; length of life-boat, 24; cloth required, 4,310 yards; sewing, ten miles; rope used, over 5000 feet; gas required to fill the balloon, 400,000; weight of entire apparatus, 7,000 pounds; cost nearly $15,000.

Rumors of Further Changes in the British Cabinet.

LONDON, Aug. 31.—The *Observer* to-day says the reports which have been current for several days, that further changes in the Cabinet are about to occur, are premature, as no decision will be arrived at until the next meeting of the Cabinet, which will be held in the latter part of September. "It is probable," says the *Observer*, "that the Marquis of Hartington will succeed the Right Hon. William Monsel as Postmaster-General, and that Hon. William E. Forster will become Chief Secretary for Ireland, in place of the Marquis of Hartington."

CONSTABLE AT LAKE.—The appointment of L. B. Lewis as constable of Lake recalls to mind the time on the West Coast, when H.M.S. Sutlej and Devastation (not the present turretship Devastation; but her predecessor, a paddlewheel steamer,) visited and bombarded the Indian villages, killed a number of savages and rescued Lewis, who was held as hostage by the natives. Lewis' scalp was saved on that occasion by the intrepidity of the blue-jackets, who landed, and by a brilliant manœuvre outflanked the Indians and either killed or captured them all.

STARVATION!—A youthful Catholic priest of the Cree mission, on the Saskatchewan, who has spent eleven years in that country, gives a terrible account of the Cree famine, caused by last winter's severity. He says that hundreds of Crees and Plain Stoneys died, he, himself, counting the bodies of seventy-five who had starved to death in a single village, after having eaten everything that could be eaten, including, ponies, dogs, skins, &c., &c. He says that near the Cree Mission, nine miles from Edmonton, there is a settlement of seven hundred whites, chiefly Scotch. There are plenty wage diggings.

DEATH OF MME. L'HOTELLIER.—The numerous friends of this estimable lady will be pained to learn that she died at Lima, Peru, on the 21st Feb. last. M. and Mme. L. Hotellier were for many years residents of this city and won the esteem and confidence of all. Mr. Charles Lombard of this city is a son of the deceased lady, and to him we extend our condolence.

THE ROYAL COMMISSION.—Elsewhere will be found a synopsis of the first day's evidence, and it must be admitted that it makes well for the Government. In fact, the evidence of Sir Francis Hincks goes far towards stamping the whole McMullen story as a fabrication and a forgery. No wonder the accuser prefers to place himself at a safe distance from the Commission.

THE LATEST MURDERER.—John F. Janes, San Francisco's latest murderer, is a native of Aberdeen, Scotland. He was one of the first prospectors for gold on Stickeen River, and is, consequently, called "Stickeen John." He resided seven years in British Columbia, and is quite well-known here. At San Francisco he was engaged actively in politics and wielded considerable influence among the Italian residents there.

THE steamer Maude from New Westminster, with the following passengers, and a large quantity of salmon from Deas' fishery for Findlay, Durham & Brodie, arrived at 6½ o'clock last evening: Mrs. Bryant, Miss McWha, H. Gaston, J. Anderson, and Messrs. Boothroyd, McEwan, Hart, Fried, McKeon, McCourt, Bone, Main.

TORN BY A DOG.—We are concerned to learn that the Local Premier, while visiting on Tuesday evening in the suburbs, was attacked by a ferocious bull-dog and badly bitten behind. The wounds, which are deep and extensive, have been cauterized as a preventive of hydrophobia, and the unfortunate gentleman—whose nerves were somewhat shaken by the occurrence—is rapidly recovering.

THE PRINCE ALFRED, 4½ days from San Francisco, with 72 passengers and 355 tons of freight, arrived in Esquimalt harbor at 11:40 o'clock on Tuesday night and came round to this harbor and is now discharging at Brodrick and Co's wharf. We are indebted to Purser Donzell and Mr. Patch of Wells-Fargo's Express for usual favors.

BOOKED.—Capt. Curme, R. N., and Mrs. L. Smith were the only passengers booked for San Francisco yesterday.

THE Prince Alfred sails at 6 this evening for San Francisco.

Arrival of Rear-Admiral Cochrane and Staff---Vice-Admiral Hillyar.

Rear-Admiral the Hon. A. A. Cochrane, C. B., Captain Wilson, R. N., Flag-Lieut. H. Grenfell, R. N., and B. Urwick, Esq., Secretary, arrived on the Prince Alfred. The steamship ran into Esquimalt harbor; but the Rear-Admiral remained on board and came round to this harbor yesterday morning, landing about 9 o'clock, and proceeding in the Repulse's steam launch to Esquimalt, where he was received on board the Tenedos and his flag, which was immediately hoisted, saluted. Vice-Admiral Hillyar's flag on the Repulse was previously saluted by Rear Admiral Cochrane.

Vice-Admiral Hillyar will depart in H. M. S. Tenedos for San Francisco on the 18th inst.

The following changes have taken place on board the Repulse:—Capt Curme retires from the command of H. M. Repulse, and is succeeded by Capt. Wilson; Flag-Lieut. Boardman is succeeded by Flag-Lieut. Grenfell; and Mr. Parish, the Vice-Admiral's Secretary, is succeeded by Mr. Urwick.

Madame Stevenson.

We find on enquiry that the chief attraction in the entertainment given by this versatile lady is that, although it includes the highest order of operatic music and classical instrumental selections, she introduces humorous and other ballads in their several dialects, besides interspersing the music with humorous anecdotes in the Scotch, Irish and Yankee dialects, thus proving herself a character deleniator in addition to her other accomplishments. Mr. J. H. Church tells us that as far as it is possible to make it, her entertainment (apart from some of the vocal gems) is in something of the same style as Vivian's, with this difference, that while his portrayals are all of the humorous order, Madame Stevenson gives the higher and more refined order of selections as well, together with the characteristics of each nationality in opera, ballad, and comic song.

We have heard, also, from a person who recently attended the entertainment that her imitation of a "Yankee" pious manager who engaged her to sing at a series of sacred concerts and who never heard anything but a certain class of music undertook to teach her how to sing is marvelous. Her imitation of him will keep the audience in roars of laughter, and this is just the kind of amusement we want. A good laugh is beneficial to all, and good for digestion.

A Rebellion in Khiva Quelled.

NEW YORK, Aug. 30.—The New York *Herald* special from Yahkind sends reports from Central Asia under date of August 26th, which says that private letters just to hand report the breaking out of an insurrection at Tahara, and in Kholand, also, against the Russians during the absence of General Kauffman. The Imperialists' Commander-in-Chief, Gen. Veriffkin, second in command under Kauffman, quelled the rebellious movement by force. He destroyed Khiva and its fortifications, and now asks permission from the General-in-Chief to plow up the site of the former fortifications. The rebellion in Taholand has been quieted and a heavy exaction of fines has been levied on some six hundred of the more prominent persons who participated in the revolt.

Weekly British Colonist.

A large extra edition of the WEEKLY BRITISH COLONIST, containing report of the Naval Review and other interesting items of importance, has been worked off and may be had this morning ready for mailing at the Book stores and the Publication Office. Price one bit.

LOWER FRASER.—Mr. Mackie of Langley has sent to market potatoes weighing 1¼ to 1¾ lbs. apiece....The City Council of New Westminster voted $50 to Capt. Johnston of the Hyacks in recognition of services rendered at a recent fire....The New Westminster papers complain of the want of authority and the unruly, demoralized condition of the Indians on the South Arm....The steamer Onward went down to Deas' Fishery on Tuesday and took to New Westminster 120 tons canned and pickled salmon.

VICTORIA WATER WORKS.—Tenders for Dam at Beaver Lake:—W. Williams, $6500, masonry; $2500, coping. Kinsman & Styles, $5900, masonry; $2400, coping. Bell & Elliott, $5900, masonry; $3 and $1 50 per foot, coping ($4400.) Kinsman & Styles' being the lowest was accepted.

A CURIOSITY.—Mr. Saml. Nesbitt has at his establishment two branches from which the plums depend in great clusters, like grapes from a vine. These branches, with many others in Mr. Nesbitt's orchard, were broken from the trees by the weight of the fruit!

FUNERAL.—The funeral of the late Geo. Johnson will take place to-day at 1 o'clock p.m., from Masonic Hall. Deceased was an active member of Tiger Engine Co. and a member in good standing of Vancouver Lodge, F. & A. M., and the Pioneer Society.

HOT SPRINGS.—Messrs Hart and Fried returned from the hot springs at Harrison River last evening, somewhat improved in health.

NEW BUGGIES, carriages and running gear for reaping and thrashing machines were received by Dalby & Co. yesterday, from the manufacturers in Canada.

AMONGST the passengers of the steamship Prince Alfred was Alex. Watson, Esq., formerly Treasurer of Vancouver Island.

THE steamer Emma, from Nanaimo, reports the ship Panther ready for sea.

THE recent elections in California have resulted disastrously for the railroad monopolists.

TO CLOSE.—The mails at 4 o'clock this p.m., and the Express at 5½ o'clock.

OLD CHICORY is almost a thing of the past. Finlayson's Coffee presides over the present. It has now superseded what used to be claimed as "superior to any other manufactured on this coast," and will soon be found on every well-furnished table in the Province. Prepared on his premises on Government street, and sold by all the principal dealers. ***

NEW ORLEANS, Sept. 9—The President of the Board of Health Association at Shrewport, telegraphs here that the yellow fever is on the increase.

WASHINGTON, Sept. 9—The $15,500,000 awarded this Government at Geneva was paid into the Treasury by Secretary Fish in one bond. The bond was skillfully executed with a pen, being a facsimile of the printed form. Upon being duly executed it was photographed and sent to Secretary Fish, who is its present custodian. The certificate of deposit is retained by the Secretary of the Treasury and will be framed and preserved among the archives of the Government as a memorial of the amicable settlement of the differences between two countries.

Secty. Richardson has invested money in five per cent. registered bonds to await further action of Congress.

CHICAGO, Sept 9—The most remarkable game of billiards on record was played here to-night between Geo. Slasson and John Bessenger, both of this city. The game was four-ball on carom table, 2000 points, for a stake of two hundred and fiftp dollars aside, and was won by Slasson in 14 innings, scoring 2001 to Bessenger's 216. Time of game 1 hour and 50 minutes. Slasson's largest runs were 353 in 2d innings; 444 in 3d; 534 in 6th; his average being 132¼.

NEW YORK, Sept. 9.—F. Alexander & Sons received a telegram from Havana today advising them of a great conflagration there and the destitution of a large number of the inhabitants and appealing to the Americans for aid.

WORCESTER, Mass., Sept 10, 2 a. m.—The list of Delegates received at the office up to 1 o'clock foots up: Washburne 615: Butler, 461; doubtful, 22. There are yet unheard from four towns, entitled to 9 delegates.

MUNROE, La., Sept 9—Judge T. O. Crawford and Dist. Atty. Arthur H. Harris, of 12th Judicial Dist., were assassinated yesterday, 12 miles southwest of Winnesborough, in Franklin Parish, while on their way to hold Court at that place. The bearer of this information states that they were shot seven times and their brains blown out. The murderers are not known, but it is thought that personal not political differences led to their assassination, as Crawford was a Radical and Harris a Democrat.

FORT BRIDGER, Sept 9—Reports from Pleasant Hill, Nebraska, state that the jail at that place was burned on Sunday morning last and four inmates burned to death. The fire was the work of an incendiary.

LITTLE ROCK, Sept 8—A private dispatch from Shreveport reports 264 cases of yellow fever there.

CHARLESTOWN, S.C., Sept 9—Some excitement was caused here to-day by a band of negro strikers, who visited the principal mills of the city and by threats of violence forced the men to stop work. Strike is for two dollars a day. The employers decline to accede.

Europe.

LONDON, Sept. 9—An accident occurred to-day to a passenger train on the South Western railroad near Gordon. Three persons were killed and twenty injured.

It is reported that the Queen will soon go to a celebrated watering place near Frankfort.

PARIS, Sept 9—A party of Mormon emigrants who have just arrived here on their way to America, have been notified by the Prefect of Police that if they attempt to hold their religious exercises in public they will be expelled.

LONDON, Sept 8—Owing to dissatisfaction with the proceedings of the British and American Mixed Commission at Washington, the claimants here contemplate calling a public meeting to give expression to their grievances.

Mexico.

SAN DOMINGO, Aug. 31 — Col. Riveras attempted the life of General Luprone with a sword. Luprone evaded the blows, drew a revolver and shot Riveras through the head.

Washington Territory.

PORT TOWNSEND, Sept. 10.—The U.S.S. Tuscarora arrived last evening to commence the soundings and surveys for a telegraph cable to Japan.

China.

NEW YORK, Sept. 10.—Late Mail advices from China state that a general massacre of Europeans in China is expected, the reason being that the French Minister will not consent to modifications in the Treaty. A large number of people are being collected around the various places the foreign missionaries are stationed.

The Symptoms of Health.

Health has its symptoms as well as disease. The clear eye, the fresh complexion, the steady hand, the firm step, the unclouded brain, briskness of spirits and a disposition to look on the bright side of anything are indications that the animal machinery is in perfect working order. Happy are they whose running gear of life is in this excellent condition, and fortunate too are they who know how to bring it into condition if disarranged. All who have experienced or witnessed the effect of Hostetter's Stomach Bitters upon the weak, broken down, desponding victims of dyspepsia, liver complaint, fever and ague, rheumatism, nervousness, debility, or premature decay, know that in this tonic and alterative there exists a specific principle which reaches the very source of the trouble and effects an absolute and permanent cure. 'E Pluribus Unum' might be aptly inscribed on the label, for the preparation is a plurality of remedies condensed into one irresistible antidote.

A. GILMORE has just received a large assortment of Canadian and English Custom-made Clothing, which he will sell at Reduced Prices; therefore the public are invited to call and select for themselves and make their purchases before going elsewhere. ***

More about the Royal Commission.

A dispatch to the San Francisco *Alta* says:—OTTAWA, Ont., September 4th.—The Royal Commission appointed to investigate the Pacific railroad charges, met in the Railway Commissioners' room, at noon to-day. Mr. Vancoughnet read the Royal Commission. A very few persons were present, except Sir A. Mcdonald and other members of the Cabinet. The Chairman called upon Huntington to come forward, but there was no response.

Hon. Mr. Starnes was then called and testified as follows: I have papers in my possession which were given me by Sir Hugh Allan and Mr. McMullen. The package contained three envelopes, one addressed to Allan, one to McMullen, and the other to myself. They were handed to me by Sir Hugh Allan in the presence of McMullen. I objected to their being opened without their consent. McMullen had no objection to the package being opened, provided nothing it contained would be published, except what had a bearing on the investigation. Starnes then said I had objected to the package addressed to McMullen being opened. He said he had no knowledge of the Pacific Railroad charter.

A dispatch to the *Call* says:—Starnes was called and sworn. He said he was prepared to produce documents placed in his hands by Sir Hugh Allan and Mr. McMullen, and that they were in the same condition as when given him. He objected to their being opened before Sir Hugh Allan's consent was obtained.

Abbott here rose and read a letter from Sir Hugh Allan, consenting to the packages being opened on condition that the letters should not be published unless they contained evidence which could be legally used in the case.

In reply to Judge Day, Starnes said there was an election fund. With reference to Cartier's election, Starnes said Cartier absolutely refused to use any railway project to further his election. The funds were raised by subscription. Sir Hugh being of large means, subscribed liberally. Witness had no knowledge of money coming from other sources. He heard no mention of the Pacific Railroad in connection with the election fund. He received, as Treasurer of the Election Commission, about $70,000 in subscriptions. The letters were then opened. Letter No. three was directed to Starnes.

Sir Francis Hincks was next called, and being sworn, gave a detailed statement of what he knew about the Pacific Railroad negotiations prior to legislation upon the subject. The first conversation was with Cyrille Graham, in 1870. Graham said America would give up the western end of the Northern Pacific, providing Canada would give up the eastern end, allowing it to be built through America territory. From other conversation, he thought an arrangement might be made with American capitalists. He referred to the visit of McMullen and others to Ottawa, when they produced the names of American capitalists. In every interview they were informed that the Government could not possibly make any arrangement with them, but were willing to hear all they had to say on the subject. Sir Hugh and McMullen came before the Cabinet. Sir John said the Government would listen to any propositions from Sir Hugh, but were not prepared to accept any of them. Finally, it was decided, in the scheme which was submitted to Parliament, without any consultation with outside parties, that it became the unanimous decision of the Government that Americans must be excluded from any part of the construction of the Pacific Road.

In reply to the Judge, Sir Francis Hincks stated that no understanding, directly or indirectly, was come to between the Government and Sir Hugh, or any of his friends, whereby the latter were to receive a charter on condition of advancing large sums of money to aid in the Dominion elections. He knew of no arrangement between any individual members of the Goverument and Sir Hugh Allan to that effect. He knew Sir Hugh had contributed to the election funds, but did not know it till long after the elections were over, and the charter was given. Did not know how much money Sir Hugh had subscribed. Did not detect that money was offered to any member of the Government in connection with the Pacific Railroad, and never received any money or promise from Sir Hugh or any one else in connection with the Pacific Railroad. McMullen's statements respecting such loans or gifts were pure fabrications. He stated that up to the close of the election the only policy of the Government was an amalgamation of the two Canadian Companies. It was not the intention of the Government to issue any charter until all attempts at such amalgamation had failed. Up to October the Government hoped such an amalgation would be brought about.

De Bellefeuille, Secretary of the Northern Colonization Railway, testified that he had no knowledge of any negotiations between Sir Hugh Allan and Americans respecting the furnishing of money. This concluded the proceedings for to-day.

Australia and New Zealand.

VICTORIA.

Parliament was opened by the Governor on may 13th. There was a large attendance. The Duke of Genoa was present. The speech made only casual mention of an ocean mail service; but promises that the whole proceedings, with the action of the Government, will be shortly laid before the members.

The Government positively declined to entertain a new mail service, unless terms were agreed to at Conference.

The Chamber of Commerce and the Mercantile community support the Government.

The Border Duty Convention has been duly signed by Messrs. Francis and Parkes, and on the 1st of June free trade across the border was resumed. This event was commemorated in opposite ways in New South Wales and Victoria. At Albury, on the New South Wales side, there were great rejoicings. Wagons accustomed to bear duty-paid goods were driven to and fro across the border, and the drivers derisively passed the Custom House. The friendly Societies paraded the town, and the day terminated with a ball in honor of the cessation of taxation.

The Government have received a telegram from Earl Kimberly, withdrawing the proposal for the prolongation of the mail service, and offering to convey the mails to Galle, San Francisco, and Singapore, free of charge, and pay each contracting colony outward postage, less transit charges and inward British postage. The contract to be for five years. Victoria is likely to accept this with Melbourne for the terminus.

The agricultural statistics are satisfactory. The average wheat yield was 1,612 bushels to the acre.

The Melbourne *Leader* has the following:

Colonial confederation appears to be further off than ever. The members of the great Australian family are at this moment upon any but pleasant terms with each other, or even with themselves. New South Wales, in a revengeful mood, declares that Victoria, having accepted the responsibility of the Suez contract, may make the best she can of it without neighborly assistance, and Queensland, it is said, is resolved to hold aloof from us, although not in the same high-faluting spirit.

NEW SOUTH WALES.

The *Sydney Morning Herald* understands that the New South Wales Government is in communication with the Government of South Australia for concluding a convention similar to that made between New South Wales and Victoria, for the cessation of the collection of the Custom duties on the lower part of the Murray on goods coming from South Australia. There is reason to believe that the convention will soon be made. The sum to be paid by South Australia to New South Wales is £13,500 per annum in quarterly payments.

SOUTH AUSTRALIA.

An additional interest has been directed to the Northern Territory by the receipt of an official communication from the representative of South Australia, who has been touring China, Japan and Netherlands-India for the purpose of introducing the claims of the Northern Territory to the various Governments as a field for Asiatic labor. The reception that he met with, and the heartiness of the response which was made on all hands to his inquiries, would leave no doubt that the Asiatic mind has been struck by the prospect of sharing in the colonization of the Australian continent, and already Mr. Reynolds talks of a supply of Chinese labor from Singapore to construct the future townships in the neighborhood of Port Darwin.

NEW ZEALAND.

The public mind of the dwellers in the southern portion of the province of Auckland has been much disturbed—due to the fact that a Maori, who murdered a bush laborer named Sullivan, had not been given up to justice by the Chiefs of his tribe.

The Auckland *Herald* thus quietly refers to the present peculiar aspect of the new California mail service: It is immeterial to us how the Suez dispute is settled. Our interest is bound up in the Californian service; and in this, so far as we at present see, we simply advise caution. New South Wales is, however, in a position to offer liberal terms. She will have her own Californian service, and may obtain an Imperial subsidy; but as we have already said, Earl Kimberly's latest report may result in an entire change of front on the part of the Australian colonies.

Dentistry.

C. Francis Barnard, M. D.
SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyait" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial sets the best vulcanites of the last 25 years.

We cheerfully add Dr. B's card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentist on the Sound, Coast or Island.

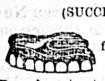

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

OFFICE AND RESIDENCE—Douglas Street, between Dr. Powell's premises and Willson's Tea Store. Busines hours from 8 a m till 5 p m.

The Corporation of the City of Victoria.
BY-LAW
Fixing the amount of License to be paid by certain Houses lately outside, but now included, within the City Limits.

JUNE 28TH, 1873.

WHEREAS BY LETTERS PATENT DATED the 9th day of May, A. D. 1873, the Lieutenant Governor in Council extended the limits of the above-mentioned Corporation and defined such limits, whereby the several Taverns hereinafter mentioned became and are included within such limits;

And whereas it is expedient to fix the amount of License to be paid by such Taverns;

Be it therefore enacted by the Mayor and Council of the Corporation of the City of Victoria as follows:

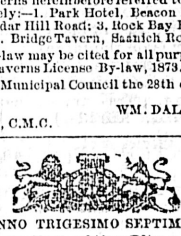

1. Each person selling fermented or intoxicating liquor by retail for or at any time during the six months commencing on the First day of July, A.D. 1873, in any of the Taverns hereinafter mentioned, shall for each such Tavern so used by him pay the sum of Thirty-five Dollars for his license.

2. The Taverns hereinbefore referred to are the following, namely:—1. Park Hotel, Beacon Hill Park; 2. Lion Tap, Cedar Hill Road; 3. Rock Bay House, Esquimalt Road; 4. Bridge Tavern, Saanich Road.

3. This By-law may be cited for all purposes as "The Additional Taverns License By-law, 1873."

BY-LAW
To regulate the duties of the Water Commissioner.

JUNE 28TH, 1873.

WHEREAS IT IS EXPEDIENT TO REGULATE and define the duties of the Commissioner appointed under "The Corporation of Victoria Waterworks Act, 1873."

BE IT THEREFORE ENACTED by the Mayor and Council of the Corporation of the City of Victoria as follows:

1. The said Commissioner shall subject to the approval and control of the Mayor and Council aforesaid, design, construct, build, purchase, improve, hold and generally maintain, manage and conduct, Waterworks and all buildings, matters, machinery and appliances therewith connected or necessary thereto, for the purpose of conducting a sufficient quantity of pure and wholesome water from Elk Lake and Beaver Lake to the adjacent City of Victoria for the use of the inhabitants thereof, and shall examine, consider and decide upon all matters relative thereto.

2. The said Commissioner shall keep separate books and accounts of the receipts and disbursements for or on account of the construction of the said Waterworks distinct from the books and accounts relating to other property, funds, or assets belonging to the said Waterworks, and a record of all his official acts; and all such books and records shall be open to the inspection and examination of the Mayor and Council or any of them, or any person or persons appointed by them for that purpose.

3. The said Commissioner shall, at least twice in each month during the construction of the said Waterworks, attend the Mayor and Council in Committee and report to them in writing the progress of such Waterworks and such information respecting the same as they may require.

4. The said Commissioner shall, on or before the 31st day of December in each year, cause a return to be made to the Mayor and Council of the affairs of the said Waterworks, showing a statement of the amounts of the rents, issues and profits arising from the said Waterworks, the number of tenants supplied with water, the extent and value of the movable and immovable property thereunto belonging, the amount of debentures then issued and remaining unredeemed and uncancelled, and the interest paid thereon or yet due and unpaid, and the state of the sinking fund, the expenses of collection and management and all other contingencies, salaries of officers and servants, the costs of repairs, improvements and alterations, the prices paid for the acquisition of any real estate that may be acquired for the use of the said Waterworks, and generally such a statement of the revenue and expenditure of the said Waterworks as will at all times afford complete knowledge of the state of the affairs of the said Waterworks.

5. The said Commissioner shall give security in bonds to the amount of two thousand dollars, to be approved by the Mayor and Council, for the faithful performance of his duties.

6. The said Commissioner shall, whilst he shall continue to be so employed and during the construction of the said Waterworks, receive as remuneration a salary at the rate of Eighteen Hundred Dollars per annum, payable by equal monthly instalments.

7. The duties of the said Commissioner shall, subject to this By-law, be such as are further defined in "The Corporation of Victoria Waterworks Act, 1873."

8. This By-law may be cite for all purposes as "The By-law Defining the Duties of the Water Commissioner, 1873."

FOR DYSENTERY, CHORA, A U GE, COUGHS COLDLS, &c.

DR. J. COLLIS BROWNE'S
(Ex Army Med Staff)
CHLORODYNE.
IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W P Wood stated that Dr. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE: that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne: that they prescribe it largely and mean no other than Dr Browne's—See TIMES, July 12, 1864.

The Public therefore are cautioned against using any other than

DR J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma Cramp Rheumatism, Neuralgia, Cough, Hysteria, &c

The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet Dec 31, 1864.

From A Montgomery, Esq., late Inspector of Hospitals, Bombay: Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months severe suffering, and when other medicines had failed.

Dr Lowe, Medical Missionary in India reports [Dec 1865] that in nearly every case of Cholera in which Dr Collis Browne's Chlorodyne was administered the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyneis prescribed by scores of orthodox remedical practitioners. Of course it would not thus be singularly popular and it not supply a want and fill a place.

Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases.

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequen tfatal results have followed.

See leading article, Pharmaceutical Journal, Aug 1, v8e9, which states that Dr J. Collis Browne was the inventor of Chlorodyne: that it is always right to use his reparation when Chlorodyne is ordered. FRENCH MEDICINES
Prepared by
GRIMAULT & CO.,
Pharmaceutical Chemists,
8, Rue Vivienne,
PARIS.

OF ALL THE MEDICINES OFFERED TO the public for many years past, none have met with such favorable reception, or as been so generally approved by the Medical Profession as those prepared by Messrs. Grimault & Co.

The model Laboratories of this firm, situated at Neuilly-sur-Seine, and managed by Dr. Leconte, Professor in the Faculty of Medicine, ex-Pharmacist of the Hospitals of Paris, and formerly Assistant to Dr. Claude Bernard, Professor of Physiology at the College of France, offers guarantees to be found in no other establishment.

Among other preparations we may specially mention:—

Leras' Liquid Phosphate of Iron.

It contains the constitutive elements of the bones and of the blood, and is the most rational of all chalybeates. It may be prescribed for the most delicate young females whose development has been retarded; for women suffering from stomach complaints, anæmia; for pale and sickly children deprived of appetite; and as its principal action is to restore to impoverished blood the iron in which it is deficient, and to the bones the phosphate that forms their base, it is recommended for debilitated persons whether their debility proceeds from disease or from any other cause. Its use is always attended with surprising results.

GRIMAULT & CO.'s
Syrup of Hypophosphite of Lime.

An excellent remedy for all affections of the chest; it relieves coughs, effectually prevents nocturnal perspiration and restors the patient's strength. This syrup is the only one which, ever since 1857, has invariably been attended with satisfactory results—a fact due to the purity of the hypophosphite employed. Be sure to observe that it bears the signature of Grimault & Co.

GRIMAULT & CO.'s
Iodized Syrup of Horse Radish.

Considered the best substitute for Cod-liver Oil. It has been ascertained by experiments made in the principal Hospitals of Paris that this syrup has always produced results superior to those obtained from the above-mentioned Oil, which patients find so disagreeable to take.

Not a single instance can be adduced in which pale lymphatic children, subject to swelling of the glands, to eruption of the skin, of the head or the face, or other inconveniences of a weak constitution, who have taken this syrup without deriving signal benefit from its use.

GRIMAULT & CO.'s
Pepsine Digestive Powders, Pills, Elixir and Wine.

Pepsine is one o the most recent scientific discoveries in theraputics. Acting chiefly on the organs of digestion, it possesses the property of effecting digestion by its innate virtues. It removes all the inconvencies of difficult digestion and even prevents the nausea to which pregnant women are liable.

The researches on pepsine made at the College of France by Dr. Leconte, in conjunction with Professor Claude Bernard, must secure the preference for our preparation of pepsine.

Lagasse's Syrup and Paste of Sea Pine Sap.

Employed with success in the treatment of catarrh, bronchitis, hœmoptysis, and the different stages of phthisis.

It cures spitting of blood, the most obstinate coughs, alteration of the voice, oppression and pains of the chest, the nocturnal paroxysms of asthmatics, and modifies the more serious lesions of the respiratory organs.

GRIMAULT & Co.'s
Matico Injection and Capsules.

Composed of the essence extracted from the plant so called, they have been constantly employed with the most brilliant success in a certain class of contagious diseases.

They combine extraordinary efficacy with the advantage of never causing nausea, eructations, or pains in the stomach, as do the gelatinous capsules which contain Balsam of Copahu in a liquid state; or the strictures that result from the use of injections having a metallic basis.

GRIMAULT & Co.'s
Pectora Lozenges of Lactucarium and Cherry Laurel.

This delicious comfit, containing the two most soothing substances of the whole Materia Medica is employed with success against coughs, influenza, bronchitis, hooping coughs, &c.

Asthma. Asthma.
GRIMAULT & Co.'s
Indian Cigarettes of Cannabis Indica.

All the means hitherto employed to relieve Asthma have been only palliatives in varied forms, based on belladona, stramonium, nicotiana, or opium. Recent experiments made in the Paris Hospitals have proved that our Cigarettes made of the extract of Indian Hemp possess remarkable virtues against this complaint, as well as against nervous coughs, chronic laryngitis, hoarseness, loss of voice, facial neuralgia, and insomnia.

Grimault & Co.'s Guarana.

A single powder of this vegetable production is sufficient to cure instantly the most violent sick headache. It is the most valuable remedy against diarrhœa, dysentery, and all disorders proceeding from derangement of the stomach or bowels. This powder is indispensable for all families, and far more efficacious than opium or sub-nitrate of bismuth.

GRIMAULT & Co.'s
Vermifuge Santonine Drages.

Under the form of a comfit, equally pleasing to the taste and to the eye, they supply mothers with an easy and perfectly safe means of relieving their young children from intestinal worms, which are often the cause of convulsions.

Paleness of the skin and frequent irritation of the nose are nearly always the certain signs of the presence of worms. Preference ought always to be given in such cases to these drages, the composition of which is well known and always the same, instead of those which are called vegetable, but often contain calomel or other forms of mercury.

GRIMAULT & Co.'s
Newfoundland Cod Liver Oil, and Cod Liver Oil, with Iodide of Iron.

The Cod-liver Oil which we offer to the profession and the public is especially extracted for our house in Newfoundland, and we can therefore guarantee its altogether exceptional purity.

Our Newfoundland Oil with Iodide of Iron, which contains in every tablespoonful two grains of pure iodide of iron, is a valuable resource in lymphatic and scrofulous affections, as also in consumption.

75,000.....On 1st April, 1874;

Payable in Twenty-five years from the date thereof.

The Corporation of the City of Victoria having the right to repurchase from time to time the said Debentures, for the purpose of withdrawing the same from the market, the numbers of the Debentures so to be repurchased shall be decided by a ballot, of which One Month's notice shall be given, by publication in the Government Gazette or in one or more of the local newspapers. The Debentures will bear interest at the rate of Seven per cent. per annum, payable Half-yearly, and Coupons will be attached to each Debenture for said Interest, which shall be paid on presentation as they become due.

The Security offered for Repayment of Debentures is as follows:

A preferential Lien will be given on all works to be erected, also upon the land and other property acquired for Water Works purposes, and on the Revenue (amounting to about fifty thousand dollars per annum) which the Corporation have the power to raise under the Municipality Act, 1872, and the Municipality Act Amendment Act, 1873, the Road Ordinance, 1869, and the Road Amendment Ordinance, 1870. Ample security is thus given to those wishing to invest in Debentures.

A deposit of Ten per cent. on the amount of Debentures applied for will require to be paid into the Bank of British North America to the credit of the Water Works account, a receipt of said deposit to accompany the application, and on the Debentures being issued, they will be placed in the said Bank and handed over to the party who presents the Water Commissioner's Certificate of his being entitled to receive the said Debentures on his paying the full equivalent as mentioned in said Certificate; and in the event of the Debentures not being fully paid for on the day of issue abovementioned, the deposit of the Ten per cent. shall be forfeited to the use of the Water Commissioner for Water Works purposes.

Mr. F. W. Green, C. E., has been appointed by the Corporation as Engineer of the works to be constructed. The proposed Works consist in bringing water from Elk and Beaver Lakes into the City of Victoria, a distance of between five and six miles, and present no Engineering difficulties in carrying out the undertaking.

Forms of application for Debentures, with Bank Deposit Receipt attached, as well as any further information that may be desired, can be had by application personally or by letter addressed to the Commissioner.

Corporation of the City of Victoria.
Municipal Notice.

ALL PERSONS OWNING PROPERTY within the extended Limits of the City are hereby requested to make a return of the same to the City Assessor as early as possible, giving the number of the Lot or Lots or Portions of Lots with the measurements; also to name the block or section in which said Lot or Lots are situate, as such returns would probably save the expense and annoyance of appeals to the Court of Revision.
